motion to void certain additional property
transfers by SAW to Choo-Choo

Dear Mr. Williams:

On behalf of PYCO Industries, enclosed please find an original and ten copies of a verified motion and supporting exhibits to void certain additional property transfers by incumbent railroad South Plains Switching, Ltd. to Choo-Choo Properties. This motion is tendered for filing in F.D. 34890, 34889, and 34802, and is based on further analysis by PYCO of discovery responses recently supplied by SAW.

Thank you for your assistance.

Very truly,

Part of
Public Record

PYCO Industries, Inc., hereby moves for an Order by this Board invalidating and voiding (1) two deeds dated April 28, 2006, from incumbent railroad South Plains Switching, Ltd. (SAW) to Choo-Choo Properties, (2) a lease transfer from SAW to Choo-Choo dated March 9, 2006, and (3) any other transfer from SAW to another party post-dating December 20, 2005 when PYCO initiated F.D. 34802, or at least January 9, 2006, when PYCO put SAW (and the Board) on notice that a feeder line application would likely be pursued to obtain long-term relief for SAW's inadequate rail service.

Background

PYCO Industries, Inc. (PYCO) first became aware that incumbent railroad South Plains Switching, Ltd. (SAW) had made certain transfers to Choo-Choo Properties, Inc. (Choo-Choo), when Choo-Choo purported to terminate leases essential to PYCO's

rail dependent operations and to prevent PYCO from accessing its cottonseed stockpile on the basis of a June 13, 2006, deed from SAW. PYCO requested emergency relief from these retaliatory measure from this Board. In this Board's decision in F.D. 34890 and other dockets served August 3, 2006, this Board invalidated all SAW deeds and property transfers after May 5, 2006 (the date PYCO's initial feeder line application in F.D. 34844 was filed), and also invalidated all lease terminations after May 5, 2006, by SAW or Choo-Choo.

In response to the discovery requests which PYCO tendered to SAW as part of PYCO's May 5 feeder line application in F.D. 34844, SAW on September 21 finally made available to PYCO a large number of deeds and other documents by which SAW since the inception of its ownership of rail property in Lubbock has purported to transfer portions of that rail property to others.

While PYCO is concerned that a large number of those transfers to third parties will limit the capacity of a successor railroad to reach potential customers,¹ PYCO is mindful of the desirability not to upset long-vested property interests on the part of independent third parties. However, subsequent to December 20, 2005, SAW made certain transfers to

¹ PYCO attaches as Exhibit A a set of deeds by which SAW transferred a rail line serving a number of warehouses to adjoining property owners in 2000. This is an example of how SAW management has not sought to grow its business, but instead has severed itself from potential customers. There are other examples. The location of the sales is indicated in the Lubbock Central Appraisal District map attached as Exhibit B. The property is between Locust and Magnolia Avenues, from E. 46th Street to E. 50th Street.

Choo-Choo Properties, Inc. Choo-Choo is owned by Larry Wisener, who also was president of SAW.² Larry Wisener's wife (Delilah) now claims to manage SAW. More particularly, based on SAW's discovery response to date, SAW made three transfers to Choo-Choo (two deeds and one assignment of leases) between March 9 and April 28, 2006.

The three purported transfers are described below.

1. Deed 61161, SAW to Choo-Choo, April 28, 2006 (Exhibit C). The property encompassed by this deed is located in the Lubbock Central Appraisal District map attached as Exhibit B. The deeded property appears to abut the edge of current SAW trackage, such that the owner could interfere with service to customers on the lead immediately north and parallel to E. 46th Street, the lead between and parallel to E. 46th Street and E. 47th Street, and the lead immediately south and parallel to E. 47th Street, all immediately west of Locust Avenue. PYCO understands that at least one existing shipper on SAW (Georgia Pacific/Blue Linx) is served on this trackage. The deed sets forth no retained right to operate a railroad.

2. Deed 53081, SAW to Choo-Choo, April 28, 2006 (Exhibit D). The property encompassed by this deed is located in the Lubbock Central Appraisal District map attached as Exhibit E. It encompasses a rail line used to serve 84 Lumber, an existing shipper, from E. 50th Street to E. 58th Street, for the most

² He purportedly resigned as president of SAW shortly after this Board authorized alternative rail service in F.D. 34802.

part between and parallel to Birch and Elm Avenues. The deed sets forth no retained right to operate a railroad.

3. Agreement dated 9 March 2006, SAW and Choo-Choo (Exhibit F). This Agreement purports to transfer various leases, utility (water line, overhead conveyor, electrical) crossing rights, and tracks used by PYCO from SAW to Choo-Choo. The Agreement notes that the original term of all those rights "was extended for a period of 20 years by a supplemental agreement dated December 5, 2000 for a nominal consideration of one dollar (\$1.00) per year with no other rental charges." This is only partially true. As Mr. Kring explains in his attached Declaration (Exhibit G), Mr. Wisener of SAW demanded that PYCO pay \$100,000 for a 20-year lease extension, and PYCO in fact paid Mr. Wisener (d/b/a SAW) \$100,000 (photocopy of check dated December 4, 2000, attached to Kring Declaration) for that extension in light of Wisener's threats to terminate the leases, because termination would halt PYCO's rail dependent operations. Although SAW did not deliver PYCO a copy of the agreement dated December 5, 2000, either at the time or in response to PYCO's discovery requests, PYCO has an unsigned draft copy of the lease extension, also attached to Mr. Kring's Declaration.

Notwithstanding the fact that Mr. Wisener d/b/a SAW was paid \$100,000 for a 20-year extension on December 4, 2005, Mr. Wisener d/b/a Choo-Choo purported to terminate all these leases by letter dated July 6, 2006. This termination was simply to retaliate against PYCO and to pressure PYCO for pursuing shipper

remedies at this Board. This Board in its August 3 Decision voided the lease termination by Choo-Choo, as well as the transfer by SAW of certain real property to Choo-Choo including the "wye."³ This Board also voided all transfers of property interests, including transfers of leases, by SAW to Choo-Choo that took place after May 5, 2006. At the time of the Board's order, neither PYCO nor the Board were aware that SAW had purported to transfer the leases on March 9, 2006.

Summary of Relief Sought

PYCO at this time requests that both deeds described above be declared null and void by this Board prior to transfer of SAW's property to PYCO should PYCO be authorized to acquire SAW's property pursuant to 49 U.S.C. § 10907 in F.D. 34890. In each case, the transfer will hamper rail dependent operations of shippers on SAW's lines, including in some cases access to those shippers.

PYCO requests that the lease transfer of March 9, 2006 also be voided. The transfer is part of a scheme of retaliation that the Board's action in F.D. 34802 was intended to obviate. Any implementation of that scheme (e.g., the March 9 transfer agreement) that post-dates PYCO's filing of its Petition on

³ The transfer was pursuant to a deed dated June 13, 2006. Since this deed has already been voided, PYCO does not move for an order invalidating it here. PYCO does note that notwithstanding the Board's invalidation of the deed, Choo-Choo petitioned a Texas state court to enforce the invalid deed against PYCO on September 22, 2006 (see Exhibit C to PYCO's "Status Report" and "Initial Comments" filed October 12 in F.D. 34890 and 34992.

December 20, 2005, should be voided. In all events, under the reasoning of this Board's August 3 Decision, any transfers out by SAW after it had notice of PYCO's intent to file a feeder line application are subject to being voided. PYCO provided notice to SAW and the world on January 9, 2006, that it intended to file a feeder line application for long term relief should this Board grant its alternative service petition and protect it from further retaliation.

Argument

This Board invalidated all transfers of property interests by SAW and all lease terminations by SAW or Choo-Choo after May 5, 2006, on the ground that SAW was aware that PYCO was invoking the feeder line statute as of that date. Decision in F.D. 34890, 34889, and 34802 served August 3, 2006.

In actual fact, PYCO stated to SAW, the Board, and the world in a pleading filed 9 January 2006 in F.D. 34802 that

"[t]o be sure, the only long term solution for SAW's repeated rail service inadequacies may be a feeder line application (49 U.S.C. § 10907) for all or a portion of SAW's facilities, but that will be undertaken by PYCO and other shippers on SAW's line once this Board takes action necessary so PYCO can stay in business, and so other shippers are freed from the fear of retaliation and retribution by SAW for joining in requests for relief designed to ensure permanent adequate rail service in Lubbock."

Petitioner PYCO Industries' Reply to SAW's Part 1117 Petition,

at p. 12, filed in F.D. 34802 on January 9, 2006, available on the STB website, and hereby incorporated herein. Under the same reasoning employed by the Board in its decision served August 3, 2006, the Board may invalidate all transfers subsequent to January 9, 2006, since SAW had notice that a feeder line application was coming.

PYCO hereby also incorporates all its arguments, and the authorities cited, for the Board's power to grant the relief herein which PYCO set forth in its "Motion for Enforcement of Protocol, et al." on July 17, 2006 in F.D. 34802, F.D. 34889, and F.D. 34890. To paraphrase this Board's decision in Railroad Ventures, Inc. -- Acquisition and Operation Exemption-- Youngstown & Southern Railroad Company, F.D. 33385, served Oct. 4, 2000, slip op. p. 11-12, aff'd Railroad Ventures v. STB, 299 F.3d 523 (6th Cir. 2003), SAW's "attempts to sell portions of the right-of-way to [Choo Choo], after [SAW] was placed on notice that [PYCO] would be submitting [a feeder line application], was a blatant effort to strip away as much of the property as possible to avoid including those portions of the property in the [forced] sale. ... allowing these transfers of property would undermine the ... sale by jeopardizing [PYCO's] ability to provide effective, uninterrupted rail service."

If PYCO is permitted to acquire SAW, PYCO wishes to ensure that its rail operator can reach SAW's current customers without facing charges of trespass by Mr. Wisener d/b/a Choo-Choo. In order to avoid Mr. Wisener's litigious antics, PYCO therefore

requests that the Board invalidate sales to him d/b/a Choo-Choo which cut off existing customers. The two deeds dated April 28, 2006, appear to sever or partially sever SAW's lines, such that a rail operator cannot reach existing customers. In any event, these two sales constitute an illegal de facto abandonment of property necessary to serve rail customers without an authorization from this Board in violation of 49 U.S.C. § 10901. They should be voided for that reason, in addition to the fact that they are an unlawful avoidance of this Board's jurisdiction to implement a transfer under 49 U.S.C. § 10907.

SAW's March 9 transfer to Choo-Choo of leases relating to PYCO falls in a somewhat different category. That transfer is purely retaliatory, and should be invalidated as a challenge (by attempting to intimidate and punish petitioners to this Board) of this Board's jurisdiction in F.D. 34802 and F.D. 34889. Indeed, on this ground any SAW property transfer of property affecting PYCO should be invalidated if it was after PYCO's December 20 initiation of F.D. 34802.⁴

⁴ This Board has declared transfers of rail property null and void or ordered reconveyance when it has perceived the transfer to be contrary to the integrity of the Board's regulations. E.g., The Land Conservancy of King County--Acquisition and Operation Exemption -- The Burlington Northern and Santa Fe Ry Co., F.D. 33388, served Sept. 26, 1997 (orders reconveyance). Accord, Jefferson Terminal RR co.--Acquisition and Operation Exemption -- Crown Enterprises, Inc., F.D. 33950, served March 15, 2001 (revokes authority to acquire in order, among other things, to protect integrity of processes). See also ICC v. American Trucking Ass'ns, 467 U.S. 354, 364-65 (1984) (agency has inherent authority to protect its statutory processes from abuse); Permian Basis Area Rate Cases, 390 U.S. 747, 780 (1968) (agency can take action that is imperative for achievement of the statute's ultimate purpose).

In addition, the lease transfer is in derogation of this Board's 49 U.S.C. § 10907 authority. SAW was on notice as of January 9 that a feeder line application would be forthcoming in the event alternative service was authorized, and such service was authorized in F.D. 34802 by decision served January 26, 2006. Indeed, all SAW property transfers out to Choo-Choo appear to postdate PYCO's January 9, 2006, notice to SAW.

In PYCO's Verified Petition for Alternative Rail Service, filed 20 December 2005 at p. 9 (F.D. 34802), PYCO summarized Mr. Wisener's threats to use SAW to punish PYCO in November of 2005. Wisener's wrath was precipitated by PYCO's refusal to give him a check for \$5.5 million for some unspecified portion of SAW's assets. Wisener responded on November 3, 2005, with a demand that PYCO cease all plant operations on SAW property. On November 18, 2005, Mr. Wisener told PYCO executives that PYCO "would have to figure out how to take care of [itself]" and that it would "cost a lot more for [PYCO] to continue doing business with [SAW]."

SAW/Choo-Choo/Wisener through the purported transfer of leases on March 9, 2006, is simply continuing to implement Wisener's pattern of misconduct that he pledged himself to do in November 2005, and that precipitated PYCO's invocation of shipper remedies in the first place. SAW/Wisener's effort to transfer out the leases to Choo-Choo/Wisener so Mr. Wisener can continue to hammer PYCO should be seen as the ruse it is, and

voided.⁵ Any transfer out by SAW involving PYCO that post-dates the December 20, 2005 filing of the Petition in F.D. 34802 should be voided. Certainly any transfer out by SAW (this would cover the two deeds to Choo-Choo dated April 28, 2006 as well) after PYCO put SAW on notice on January 9, 2006 that a feeder line application was on the way should be invalidated, per a simple extension of the reasoning in the Board's August 3 decision: SAW was on notice.

PYCO would make one final comment to illustrate the kind of tactics used by Mr. Wisener d/b/a SAW to extort from shippers. Shortly after SAW acquired these lines, Larry Wisener d/b/a SAW demanded PYCO pay SAW \$100,000 for a lease extension for 20 years so PYCO could remain in business. PYCO paid the sum, but SAW never delivered the lease extension. SAW acknowledged the existence of the extension (in the March 9 assignment of the leases to Mr. Wisener d/b/a Choo-Choo). But then Mr. Wisener purports to terminate the leases anyway, well before lapse of the 20 year term for which PYCO paid. This is typical SAW practice, generally accompanied by bluster and angry outbursts including but not limited to profanities.

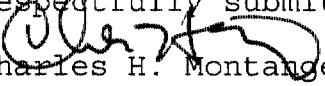

The March 9 lease transfer by SAW to Choo-Choo served no

⁵ This is doubly the case since Wisener extorted \$100,000 for a 20-year lease extension d/b/a SAW which he now purports to terminate d/b/a Choo-Choo. As noted, Wisener d/b/a Choo-Choo is seeking to enforce the lease terminations in Texas state court, notwithstanding this Board's August 3 Decision voiding all lease terminations after May 5, 2006. See PYCo's "Status Report" and "Initial Comments" in F.D. 34890, Exhibit C (request for TRO by Choo-Choo filed in state court on September 22, 2006).

railroad purpose. Wisener's subsequent termination of the leases served no railroad purpose and effectively robbed PYCO of the \$100,000 which it paid Wisener for peace. But there can be no peace in Lubbock as long as SAW/Wisener is in charge, or is in charge of picking his successor railroad, because he has shown that if given the choice, his choice is to retaliate, regardless of his economic best interests. SAW is not interested in growing business. It is interested in punishing business.

Conclusion

For the reasons stated, PYCO requests that deeds 61161 and 53081 (Exhibits C and D) be voided as part of any transfer of rail property from SAW to PYCO pursuant to F.D. 34890. PYCO requests that the Agreement of March 9, 2006, between SAW and Choo-Choo purporting to transfer PYCO leases and utility rights to Choo-Choo, and any other transfers of PYCO interests post-dating December 20, 2005, be voided as an unlawful attempt to circumvent this Board's jurisdiction in docket F.D. 34802 (49 C.F.R. Part 1146). At the very least, all transfers post-dating PYCO's public notice of a possible feeder line application on January 9, 2006, should be voided per the Board's reasoning in its Decision served August 3 in F.D. 34802, 34889, and 34890.

Declaration of Gail Kring

I, Gail Kring, make the following Declaration in support of the Motion filed by PYCO Industries, Inc. (PYCO), to invalidate certain property transfers by South Plains Switching, Ltd. (SAW) to Choo-Choo Properties, Inc.

1. I am the Chief Executive Officer of PYCO. My staff has analyzed information about property transfers supplied to PYCO on or about September 21, 2006, in response to our May 5 discovery requests. As indicated in the Motion, which I have read and hereby verify as true and correct as to the facts to the best of my knowledge and belief, we have identified three transfers from SAW to Choo-Choo which must be voided in order to ensure that our operator can provide rail service to current customers on SAW's lines, and to ensure that PYCO can continue its rail-dependent operations.

2. I wish to focus the remainder of my Declaration on one of

the transfers, which is the transfer of eight PYCO leases or agreements from SAW to Choo-Choo, which is entitled Agreement and dated March 9, 2006. A copy is attached as Exhibit F to the Motion. We obtained this copy through discovery against SAW on September 21, 2006. Shortly after Mr. Wisener as SAW acquired the BNSF trackage now claimed by SAW in Lubbock, Mr. Wisener demanded that PYCO pay him first \$50,000 and then \$100,000 to secure our leases for the next 20 years. PYCO agreed to pay him \$100,000 for a 20-year extension. I attach a photocopy from our files of the check dated November 4, 2000, to SAW in that amount. Our company files only have the first page of a draft lease extension agreement, with the notation that he "verbal[ly]" agreed to a 20 year extension. We attach that, along with the check. We also attach a draft of the original extension agreement from our attorney's files.

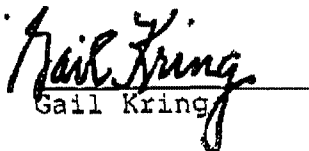

3. The March 9, 2006, lease agreement notes that there was a 20 year extension effective on December 5, 2000, but does not disclose that PYCO in fact paid \$100,000 for that. On July 6, 2006, Mr. Wisener's attorney, Mr. Gorsuch, sent PYCO a letter terminating the leases, contrary to the extension Mr. Wisener had agreed to. The Board voided this termination in its order served August 3, 2006, but Mr. Gorsuch filed papers in state court on September 22, 2006, to enforce the terminations that this Board voided. PYCO filed a copy of those papers with the Board on

October 12 as part of our initial comments on the feeder line application filed by SAW's "white knight" (Pioneer). So far as we can tell, Mr. Wisener has never provided us with a copy of the extension agreement he and his wife acknowledge to exist, and SAW did not produce it to us in discovery. This whole episode is classic conduct for SAW and further shows why it is impossible to do business with them in Lubbock. We attempted for years to buy peace, but in the end all we got was a demand that we pay Mr. Wisener d/b/a SAW \$5,500,000 on pain of shutting down our business. PYCO is rail dependent, but should not be subject to extortion.

4. We request that the Board void all SAW to Choo-Choo transfers of leases and property subsequent to our taking these matters to the Board on December 20, 2005. Since we notified SAW on January 9, 2006, that it could expect a feeder line application, we believe that any transfers from SAW to Choo-Choo or other third parties after that date should also be voided.

Pursuant to 28 U.S.C. 1746, I declare and verify under penalty of perjury under the laws of the United States of America that the statements I make in the foregoing are true and correct.

Executed on October 13, 2006.

Gail Kring
